

Charlemont Board of Health Minutes
August 22, 2018
Charlemont Town Hall

Board of Health Present: Doug Telling, Rob Lingle, Trice Hyer

Absent: none

Guests: Andrea Crete, Cheryl Handsaker, Robert Handsaker

Called to order at 6:05 pm

1. Crete reported that 2167 Rt 2 is progressing on septic repairs
2. Reviewed three possible policy changes. Lingle objects to including a water test with a Title V test. Too expensive for many. Will discuss these at a later meeting.
3. Minutes from 7/25/18 reviewed. Telling moved and Hyer seconded a motion to approve. Approved 3-0
4. Telling to contact HRA for information on funding availability for a septic repair.
5. Crete suggested that we contact the AG's office regarding the possibility of a receiver at Sherman Property. All thought this a good idea.

Received:

- Insurance report for a claim over \$1000
- DEP copper and lead water test for Academy at Charlemont—passed
- Hand sackers reported on a petition opposing building a tower on Legate Hill due to concern over a release of radiation. Lingle replied that we are surrounded by radiation. To be discussed at a Broadband meeting 8/29/18 at 6 pm.
- High manganese levels in Charlemont Inn water. DEP suggests that infants not drink the water.
- List of residents at Woodland Park

Telling moved and Hyer seconded a motion to adjourn passed 3-0

Adjourned at 7:30 pm

These minutes are not official until signed.

Documents Reviewed
8/22/18
