

Minutes of the Charlemont Agricultural Commission

December 27,2023

Charlemont Town Hall and Via Phone Conference

Present: Randy Prostack, Victoria Valenti, Paul Hicks, Nate Bellows and Sonny Crawford

Also present, Sarah Reynolds and Tammy Hicks

The sign design was discussed. The sign font is Serif and not the San Serif that was originally discussed which is not a problem if the letters are dark enough. The pinkish red that appears on the proof is concerning to the committee because it may not “pop” or be seen from a distance. The signs take 1-2 weeks turnaround time from the date ordered. The Committee feels that asking for the lettering to be all done in Black will be the better option.

Locations were also discussed, locations laid out were;

- 1) Zoar Road/Rowe Road at driveway before the fork to Rowe/ Zoar Gap
- 2) 8A /Maxwell by Duprees coming Down the road.
- 3) Avery Brook at the fork from Heath
- 4) East Hawley, at the intersection
- 5) South River Road
- 6) West Hawley Road after intersection with Tower Road
- 7) & 8) Route 2 going East and West Location to be picked with Highway Superintendent.

On a motion by Sonny Crawford and second by Paul Hicks the sign was approved on the contingency that the lettering could be changed to all Black and the order quantity of the signs will be 9 (one to be a spare)

On a motion by Randy Prostack and second by Nate Bellows the meeting adjourned at 6:15 pm.
